

Franco Rodrigo Miranda

Backend & Full-Stack Developer | Python & Django

Córdoba, Argentina | mirandafranco.ispc@gmail.com | LinkedIn | GitHub | Portfolio

Backend and full-stack developer focused on Python and Django, with hands-on experience building and shipping REST APIs and complete software systems. Experienced with PostgreSQL, authentication and RBAC, transactional workflows, automated testing, Docker, CI/CD, Angular, and Flutter. Higher Technical Degree in Software Development coursework completed; graduation expected in 2026.

Selected Projects

SmartStock - Inventory Management System

Django · DRF · PostgreSQL · Angular · Docker · GitHub Actions · Render

• Production-deployed full-stack platform with JWT/RBAC, auditable IN/OUT movements, stock validation, analytics, low-stock alerts, OpenAPI, CI, and Docker.

TaskDev v1.1.0 - Real-Time Team Collaboration

Flutter · Django · DRF · PostgreSQL · Channels · Redis · WebSockets

• Mobile-first application with a shared task pool, direct assignment, atomic claiming, real-time updates, activity history, and member administration.

MasseCommerce v1.0.0 - E-commerce Platform

Angular · TypeScript · Django · DRF · PostgreSQL · Docker · CI

• Full-stack MVP with catalog, variants, persistent guest cart, transactional checkout, order snapshots, inventory updates, and staff order workflow.

Additional: Apocalypsheep (Godot/GDScript mobile RPG) · Metal World Radio (Flutter/Riverpod, streaming and background audio)

Technical Skills

Backend	Python · Django · Django REST Framework · FastAPI · REST APIs · JWT
Data	PostgreSQL · MySQL · SQLite · SQL
Frontend / Mobile	Angular · TypeScript · JavaScript · HTML · CSS/SCSS · Flutter · Dart
DevOps / Realtime	Docker · Compose · GitHub Actions · Linux · Bash · Render · Redis · WebSockets
Engineering	OOP · SOLID · RBAC · transactional workflows · pytest/testing · modular architecture

Education & Training

Higher Technical Degree in Software Development - Instituto Superior Politécnico de Córdoba | Coursework completed · Expected graduation 2026

Full Stack Developer - Python - Codo a Codo, Buenos Aires City Government | 2024 | 208 h

Information Systems Engineering - Universidad Nacional de La Rioja | Studies completed through 4th year

Music Teaching Degree - Instituto Superior de Arte y Comunicación

Earlier Professional Experience

Production Operator · Córdoba · 2021-Present | Technical Sales Representative · La Rioja · 2009-2021 | Music Teacher · Public education · 2010-2020
